03. Footnote for uncertain tax position under FIN 48 (Part X)

The Society follows the Financial Accounting Standards Board Accounting Standards Codification, which provides guidance on accounting for uncertainty in income taxes recognized in the Society's financial statements, if any. As of the current year end, the Society had no unrecognized tax benefits related to uncertain tax positions in its information return that would qualify for either recognition or disclosure in its financial statements.

The Society's policy would be to recognize interest and penalties on tax positions related to its unrecognized tax benefits in income tax expense in the financial statements.

Through the fiscal year end, there have been no matters that would have resulted in an accrual for interest and/or penalties.

Generally, only the three preceding tax years are subject to examination by federal, state, or local taxing authorities.

Explanation

Conservation - The Audubon Naturalist Society conservation program preserves and restores local habitats, protects clean streams and builds climate resilience in the DC Metro Region. ANS's conservation outreach brings community members together to collect data on local flora, fauna and stream health and then uses that data to advocate for preservation of our region's special natural places. Each year we train and mobilize thousands of people to take action as monitors, stewards and advocates of our precious environment. Our conservation campaigns focus on federal, state and local policies that will help our region mitigate, adapt to and become more resilient to negative impacts from the climate crisis. At ANS, we promote healthy communities for people and wildlife throughout the DC Metro region.
